PRODUCT DESCRIPTION

ERC 10 Digital Money Counter The Model 10 Currency Counter designed for individuals and small business use is equipped with a micro computerized mechanism that allows for accurate and high speed counting and batching functions. The Model 10 Currency Counter is specifically designed for counting bank notes sorted by denomination. Some tickets, coupons and labels may also be counted to reduce the time and losses due to human error. The Model 10 Currency Counter counts up to 1000 items per minute as they enter the machine via its accurate roller friction feed system. An added feature of the Model 10 Currency Counter is a modern electronic control system capable of counting, count adding and count continuation. The Model 10 Currency Counter easily creates batches for bundling or storage. The chassis has a retractable handle and can be easily moved around the office. Similar machine sold elsewhere on the web with a 1 Year Warranty and you are charged a premium for extended warranty.
