PRODUCT DESCRIPTION

CashScan Corp. Microprocessor Based Counterfeit Bill Detector CashScan 1800 The CashScan 1800 is the original and most popular Counterfeit Bill Detection device in the world with over 200,000 units sold. Using State of the art technology, the CashScan 1800 Counterfeit Bill Detection Machine verifies the magnetic properties in the ink on the face of all U.S. Dollars in order to verify the authenticity of a note. Works on all U.S. Currency ONLY and does not work on Canadian Currency. Genuine Notes are identified by the flash of a green light, while suspect notes fake bills are identified with a red light and an audible tone which will automatically sound from the CashScan 1800 Counterfeit Detector when a fake note is placed into the machine. The CashScan 1800 Counterfeit Bill Detecting Machine is compact, lightweight and portable. The CashScan 1800 Counterfeit Detection Machine can be powered by the 110V or 220V with its switchable power supply included or on six AA batteries. The CashScan Model 1800 comes with a one year parts and labor warranty. The CashScan Model 1800 Counterfeit Detector is engineered to be easily upgradeable for any new designs of currency issued by the United States Federal Reserve Bank, i.e. it will detect counterfeit bills when and if there are new designs on bills released of U.S. Treasury. FEATURES Easy to operate Compact, lightweight, and durable Sophisticated state of the art technology Detects a counterfeit note with an audible tone and the flash of a red light Identifies authentic bills with the flash of a green light Confirms a bills authenticity in seconds Verifies all denominations of U.S. Currency Portable can operate using AA batteries Operates on either 110V or 220V with a switchable adapter Bill Insertion Direction Face up, both directions Warranty One 1 year parts and labor
