### PRODUCT DESCRIPTION

Cashscan Corp. SuperScan Electronic Bill Verifier SuperScan 2100 This item has been discontinued. It has been replaced by the Cashscan Corp. ULTRASCAN Model 2600. The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier authenticates US and most international currencies. The Cashscan Model 2100 is recognized worldwide as the most sophisticated Counterfeit Detection Device available for U.S. Currency. This Cashscan SuperScan Model 2100 is used in banks, casinos, currency exchange offices, hotels, and other point of sale locations that experience a high number of large denomination notes. The Cashscan SuperScan 2100 is accepted as the benchmark of Counterfeit Detection Devices for high denomination notes. The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier is equipped with an OCR Optical Character Recognition Scanner that reads each bill to determine its denomination. The easy to read digital display gives out the quantity of accepted bills, the denomination of each bill, and the total dollar amount. The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier is designed to count batches of 10, 20, 25, 50, or 100 bills at a time. It verifies any old or new US bill in seconds. Simply insert the bill and the display will confirm the bill's authenticity or indicate a counterfeit. The SuperScan Model 2100 Counterfeit Bill Device is recognized worldwide as the most effective unit to detect quality counterfeit notes, and is able to consistently detect the Supernote. Operates on 110V or 220V for worldwide use. This item has been discontinued. It has been replaced by the Cashscan Corp. ULTRASCAN Model 2600. Other CashScan Counterfeit Bill Detecting Machines available on this website Cashscan 1800 This Counterfeit Bill Detector is the most popular counterfeit detection device in the world, and for good reason. It is compact,
