PRODUCT DESCRIPTION

ERC DZ 350 C Wide Chamber Money Sealing Vacuum Sealer The DZ 350 M vacuum packaging machine is a single seal bar unit designed for sealing contents in vacuum pouches. It is equipped with an electronic pressure sensor to assure steady control of the vacuum function. The DZ 350 M vacuum sealer is available with a digital control panel that is user programable for vacuum cycle timing, seal bar temperature and cool down evacuation duration for very easy operation. The DZ 350 M has a wide, long vacuum chamber that will accommodate very large packages or several small packages in one sealing cycle. With a 13.7 inch by .31 inch seal bar, it is possible to seal as many as four small pouches in one operation greatly increasing productivity. Additionally, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set freshness markings. WARRANTY ERC warrants to the original purchaser for a period of time from the date of shipment, that its VACUUM SEALERS will be free from defects in material and workmanship when used under normal operating conditions. The warranty for VACUUM SEALERS is three 3 months labor and twelve 12 months limited warranty on parts excluding wearables . Improper use and user maintenance requirements are not covered by product warranty. ERC agrees to repair or replace, at its option, any defective part or component covered by this warranty, provided there was no abuse and ERC must first receive written notice of a defect within the applicable warranty period. With the exception of the Labor warranty for Three 3 months from the date of shipment, warranties do not include labor or the payment of any labor charges or incidental or consequential expenses. All parts are shipped FOB Brentwood, NY. Warranty claims must be
