PRODUCT DESCRIPTION

Banlivo CashierMate 61 CANADIAN Coin Counter and CANADIAN Coin Sorter and CANADIAN COIN WRAPPER A Canadian Coin Counting Machine, Canadian Coin Sorting Machine, and Canadian Coin Wrapping Machine that is a Complete Solution to Counting and Sorting Canadian Coins Counting Canadian Coins can be a very time consuming and tedious task. The CashierMate 61 is an all in one solution for counting and sorting Canadian Coins. Fill the hopper, which can take up to 1600 coins, and let this Canadian Coin Counting Machine and Canadian Coin Sorting Machine, sort and count for you while you concentrate on tasks that are more important. Just come back to find all your coins accurately counted and separated into individual drawers and a detailed report including the total counted value and number of coins counted for each denomination awaiting you. Wrapping Canadian Coins You can use the Banlivo CashierMate 61 as a Canadian Coin Wrapper if you need to make coin rolls. Just attach supplied coin tubes in a matter of seconds and count coins directly into the coin roll wrappers. Set the right batch quantities and the machine will stop and let you know exactly when a roll is filled up. Batching and Adding Canadian Coins Any batch quantity from 0 to 500 can be individually set for each denomination. The CashierMate 61 stops and alerts you when any denomination completes the preset batch. The denomination and the amount of coins counted will be displayed on the screen. Total counted value is automatically displayed on the screen as the machine counts, allowing you to stop the machine should you need a specific total value. User friendly design Lightweight and compact the Banlivo CashierMate 61 will smoothly integrate into your business setting thanks to its stylish design. Coin drawers are conveniently located at the
