PRODUCT DESCRIPTION

Cashscan Corp. UNISCAN Model 450 Counterfeit Detection Machine The Uniscan Model 450 is the first unit that utilizes magnetic detection together with a revolutionary thread detection device to verify the currency of up to 21 different countries in a single unit. Users can select 21 different currencies from a library of over 70 currencies to customize their units. For most currencies, the Uniscan will identify the denomination of the note being tested as well as the total value of all the notes tested. The Uniscan works on 110 220 switchable power supply included and can easily be upgraded for new currency releases as well as to add additional currencies into the unit. The Uniscan comes with a 1 year parts and labor warranty. Operates on 110 220 switchable adapter Warranty 1 Year parts and labor Dimensions 8 x 5 x 4 INCHES Weight 3 Lbs Other CashScan Counterfeit Bill Detecting Machines available on this website Cashscan 1800 This Counterfeit Bill Detector is the most popular counterfeit detection device in the world, and for good reason. It is compact, lightweight and can be portable using AA battery option. This machine uses state of the art technology, by verifying the magnetic properties of the ink on the face of all U.S. Currency, and notifies you of any fake notes with a visual and audible sign SuperScan II Money Management System This is a Serial Number Printer and Counterfeit Money Detector. The SuperScan II combines an accurate and reliable currency verification and OCR Optical Character Recognition technology for serial number scanning, which provides tractability and guarantees protection for the currency you handle. The SuperScan II works with a built in printer. SuperScan III Has the same features as the SuperScan II BUT works with an external printer not included such as through a PC or laptop interface. UltraScan A Counterfeit
