PRODUCT DESCRIPTION

RIBAO Global D 1000 Currency Counter Cash Sorting Mixed Money Discriminating Machine The Ribao Global D 1000 Multi Detection Currency Counter is a full featured currency counter and discriminator that will meet the needs of any small business or bank. The D 1000 is a one pocket discriminator that will halt operation in the event that it finds a bill that doesn't match your count settings. For instance if you're counting 1 bills and a 10 bill is located in the stack it will stop and allow you to remove the 10 bill so that you can continue operation for the remainder of the bills. This machine is capable of counting currency at an adjustable rate of up to 1,600 notes per minute. It has three counting modes to suit your needs mixed counting, mixed sorting, and piece counting. It also features three different counterfeit detection systems such as UV ultraviolet, MG magnetic, and IR infrared to find and prevent those false bills from slipping through. The Global D 1000 is small and portable so you can take it where it is needed most. Other features include a blue backlit LCD screen, preset and manual batch settings, intelligent detection of misfeeds, and manual value input of worn bills. Three Counting Modes Mixed Counting Counts mixed currency without presorting and gives individual counts and values Mixed Sorting Counts one denomination and stops on any other denomination Piece Counting Standard piece counting Detects and counts all US denominations Four counterfeit modes UV Ultraviolet Ink Detection MG Magnetic Ink Detection MT Magnetic Thread Detection IR Infrared Detection Preset and manual batch settings Intelligent detection of misfeeds SPECIFICATIONS Type Mixed Bill Counter, Discriminator Feed Method Roller Friction Counting Speed 1600 1000 600 bills per minute Default sorting speed 600bpm Bill Quality Tolerance 95 99 Maximum Duty Rating
