### PRODUCT DESCRIPTION

The Ribao CS 30 is an electronic coin counting and sorting machine. It has a keyboard enabling you to program the machine to do batching and accumulating counting. The coins are selected according to their diameter and thickness, and the settings can be changed using two buttons. The coins with smaller diameters can be found during the sort by elimination. The machine comes with tube sets for quarters, nickels, dimes, and pennies, the coins drop inside the appropriate crimped coin wrap while it is counting. This machine can be used for tokens and foreign coins by selecting your own thickness and diameter according to their appropriate size.
